Music is my passion and at the moment, I am the Senior Export Manager at SDO Pharmed in Dubai, UAE, with more than two years of experience in international pharmaceutical trade. I am in charge of global exports, client relations, and logistics which in turn helps SDO Pharmed to grow its presence worldwide. I am really motivated every day because I am working in an ISO 9001:2008 certified company that is dedicated to providing high-quality pharmaceutical solutions for improved living. Besides work, I love music, reading, biking, taking pictures and also chatting with friends online.
